### **A PRACTICAL GUIDE TO OBTAINING GOD'S BEST FOR YOUR LIFE**

**Are you ready to achieve God's best?** There comes a time in our lives either in our youth, young adult or late adult years when we finally figure out what it is we are destined to become. Ultimately, we all have a desire to feel accomplished and successful. The journey of getting there may be difficult, but the goal is to see that vision come to fruition. Many may have the same question, "Where do I start?"

**Pamala Hutcherson** has composed a mind-stimulating guide for those who desire to quench their thirst of success and ultimately reach their full potential in achieving God's best for their life. In this book, she takes her life challenges and circumstances in which she encountered on her journey to give birth to what God has destined her to be, and uses them to develop key strategies to success. While journalizing the process she realized that a part of her purpose was to change the lives of others. This led her to use her lessons and pitfalls to motivate and guide others to reaching their destined place. ***Strategies to Success*** gives you the key components, journals and prayers to step out and achieve God's best for your life.

***"Yes, success is birthed out of "blood, sweat and tears" but without a true strategy for success, that 3-fold cord can very well be described as the commodity of a life full of sorrow and failed fantasies, at best."*** Prophetess Dwann Holmes Rollinson
